PROFILE

Seeking a position in Networking and IT Systems where I can apply my networking knowledge, improve my technical skills, and contribute to the organization's success. I am also interested in developing my skills in Cloud Networking, Cybersecurity, and Automation in the future.
- Good knowledge of Cisco networking devices including Catalyst 2960, 3650, 9300 switches, Cisco ISR 2911 and Cisco ASR1001-X edge router.
- Good knowledge of HPE Aruba Networking switches, including CX 6100, CX 6200, and CX 6300 series.
- Good knowledge of network troubleshooting using Wireshark for packet analysis and identifying network connectivity issues.
- Good knowledge of installing and configuring desktops, routers, switches, and other network devices.
- understanding of IT support tasks, system maintenance, and documentation of devices and network equipment.

TECHNICAL SKILLS

Networking: Networking: TCP/IP, VLANs, STP, OSPF, Static Routing, Inter-VLAN Routing, Routing and Switching, LACP, NAT, ACLs, LAN/WAN, VPN, Network Troubleshooting.
Network Security: FortiGate Firewall, Firewall Policies, Network Segmentation, IPsec VPN, SSL VPN, Firewall Log Analysis, Basic Security Troubleshooting.
Windows & Systems: Windows Server 2022, Active Directory (AD), Group Policy (GPO), DNS, DHCP, User Account Management, Access Management.
Monitoring & Tools: Zabbix, PRTG, Wireshark, Nmap, Mikhmon, Network Monitoring & Troubleshooting.
IT Service Management: ServiceNow, Incident Management, Service Requests, Change Management, Problem Management, SLA Tracking, Ticket Documentation, Escalation Procedures.

PROFESSIONAL EXPERIENCE

Office Assistant (Contractor) April 2023 – Present
DPE | Dubai, UAE

- Supported daily clinic operations, including documentation, filing, data entry, report preparation, and maintaining accurate and confidential records.
- Assisted patients and visitors with form completion, inquiries, and medical procedures while providing administrative support to medical staff.
- Coordinated appointments, transportation, employee medical scheduling, incoming calls, emails, deliveries, and internal communications.
- Managed scanning, printing, and organization of documents; used Microsoft Word and Excel for data entry and report preparation, ensuring smooth daily office operations.

Network Support Engineer (Self-Employed) March 2024 – July 2025
Dubai, UAE

- Configured and managed MikroTik routers and hotspot voucher systems using Mikhmon, maintaining stable network connectivity and reliable internet access.
- Created and managed Wi-Fi vouchers and user profiles with session time limits, bandwidth restrictions, rate limits, burst settings, and access controls.
- Monitored connected hotspot users, network traffic (Tx/Rx), bandwidth usage, and router resources to track and maintain network performance.

- Customized captive portal login pages using HTML, CSS, and JavaScript, and troubleshot hotspot access issues related to MAC-based voucher binding, including randomized MAC address challenges.

PROJECTS

IT Support Engineer — Enterprise End-User & Remote Support September 2026 – Present

- Provided **L1/L2 end-user support** for Windows desktops, printers, shared folders, network drives, corporate applications, LAN/Wi-Fi connectivity, and domain-joined systems.
- Managed **Active Directory** user accounts, password resets, account unlocks, basic access administration, and supported **Group Policy, DNS, and DHCP** troubleshooting.
- Supported **Cisco LAN, Aruba Wi-Fi, and FortiClient VPN** for remote/WFH users; used **PRTG, Zabbix, and ManageEngine OpManager** to identify network and Windows Server connectivity, performance, and availability issues.
- Managed **ServiceNow** incidents and service requests, documented troubleshooting and resolutions, monitored ticket status, followed escalation procedures, and escalated complex network, server, and firewall issues to engineering teams.

Environment: Windows Server 2022, Active Directory, Group Policy, DNS, DHCP, Cisco, Aruba, FortiGate, FortiClient VPN, PRTG, Zabbix, ManageEngine OpManager, ServiceNow.

NOC Engineer — Network Operations & Monitoring August 2026 – September 2026

- Designed and implemented a **NOC lab environment** using **PRTG, Zabbix, and ManageEngine OpManager** to monitor network devices, Windows Server 2022, bandwidth, interfaces, availability, CPU/memory, disk utilization, services, and overall network performance.
- Monitored and troubleshot **Cisco, Aruba, FortiGate, VLANs, routing, connectivity, interfaces, bandwidth, and remote/WFH VPN issues**, including analysis of FortiGate logs and VPN events.
- Implemented **ServiceNow ITSM** for incident management, handling alert detection, ticket creation, troubleshooting, escalation, resolution, SLA tracking, and closure.
- Investigated network and server alerts, performed initial **root-cause analysis**, documented incidents, maintained ticket updates, prepared shift handovers, and escalated issues to **Network, Security, and Server teams**.

Environment: PRTG Network Monitor, Zabbix, ManageEngine OpManager, ServiceNow, Cisco, Aruba, FortiGate, Windows Server 2022, Active Directory, DNS, DHCP, VPN

Network Engineer — Multi-Vendor Enterprise Network May 2026 – July 2026

- Designed and configured a **multi-vendor enterprise network** using **Cisco, Aruba, and FortiGate**, including routing, switching, VLANs, trunks, STP, EtherChannel, firewall policies, NAT, and network segmentation.
- Configured **site-to-site and remote-access VPNs** on FortiGate/FortiClient and implemented **Aruba access switching and wireless networking** for users and endpoints.
- Deployed **Windows Server 2022** services including **Active Directory Domain Services (AD DS), DNS, and DHCP**, with centralized network and server connectivity.
- Implemented infrastructure monitoring and ITSM using **PRTG, Zabbix, ManageEngine OpManager, and ServiceNow**; investigated connectivity, bandwidth, latency, and packet-loss issues and maintained network documentation, incidents, and change requests.

Environment: Cisco, Aruba, FortiGate, FortiClient, Windows Server 2022, AD DS, DNS, DHCP, PRTG, Zabbix, ManageEngine OpManager, ServiceNow.

EDUCATION

Bachelor of Technology (B.Tech), CSE - Data Science August 2024 – Ongoing

ABR College of Engineering and Technology, Kanigiri, Andhra Pradesh, India.

Intermediate (12th Grade) – MPC July 2023 – March 2024

Sri Chakra Vocational Junior College, Ravulapalem, Konaseema, Andhra Pradesh, India.

Secondary School July 2011 – March 2016
ZPP High School, Eletipadu, Andhra Pradesh, India.

CERTIFICATION & TRAINING

Cisco Certified Network Associate (CCNA) February 2026

- **Credential ID:** 2575a52dabe947c89c4f811f81d85773
  https://cp.certmetrics.com/cisco/en/public/verify/credential

FortiGate Operator September 2026

- **Credential ID:** 7368558440GS https://training.fortinet.com/admin/tool/certificate/index.php

Windows Server 2022 - DHCP and DNS September 2026

- **Credential ID:** 8485938966c1bac1ddb3284e7ea4af5a7c5ceeb3d83dbde7b6bf5e690416430d
  https://www.linkedin.com/in/ganapathi-surya-sai-durgarao-allaka/overlay/2016181097/skill-associations-details/?associationType=certifications

Wireshark Network Troubleshooting September 2026

- Completed training in network packet analysis, protocol inspection, and troubleshooting connectivity issues using Wireshark..

Introduction to ITIL® V4 July 2026

- Completed introduction training in IT service management, including incident management, service requests, problem management, and service improvement.
