PROFILE

Seeking a position in Networking and IT Systems to apply networking knowledge, improve technical skills, and contribute to organizational success while growing in Cloud Networking, Security, and Automation.

- Good knowledge of Cisco networking devices including Catalyst 2960, 3650, 9300 switches, Cisco ISR 2911 and Cisco ASR1001-X edge router.
- Good knowledge of IT Service Management (ITSM) gained through hands-on lab practice, including Ticket, Incident, Change, and Problem Management, with understanding of Service Level Agreements (SLAs) and IT service workflows.
- Well knowledge in installing and configuring desktops, Routers, Switches, and network devices.
- Basic understanding of IT support tasks, system maintenance, and documentation of devices and network equipment.

TECHNICAL SKILLS

Networking	TCP/IP, VLANs, STP, OSPF, BGP, GRE, IPsec, VPN, ACLs, NAT, DHCP, DNS, SNMP, VRRP, GLBP, LAN/WAN
Monitoring & Tools	PRTG, Zabbix, Wireshark, Nmap, ServiceNow (ITSM), ManageEngine OpManager
Programming	Python, Netmiko, HTML5, CSS3, JavaScript (Basic), GitHub
Soft Skills	Troubleshooting, Documentation, Multi-tasking

EXPERIENCE

Office Assistant (Contract)

DP · Dubai, UAE · Apr 2023 – Present

- Supported daily clinic operations by preparing documentation and files, assisting patients with form completion and medical processes, and coordinating appointments, transportation, and employee medical schedules.
- Managed scanning, printing, and organizing reports and records; handled incoming calls, deliveries, and internal communication; provided administrative and operational support to medical staff as needed.

Network Support Engineer (Self Employed)

Private Organization · Dubai, UAE · Mar 2024 – Jul 2025

- Managed and maintained MikroTik hotspot voucher systems using Mikhmon — creating and administering Wi-Fi vouchers with configurable session times, bandwidth limits, user profiles, and rate-limit/burst settings, while monitoring hotspot users, traffic (Tx/Rx), and router resources for stable, secure, high-performance operation.
- Customized MikroTik captive portal login pages using HTML, CSS, and JavaScript to improve the user experience, and diagnosed and resolved hotspot access issues — including MAC-based voucher binding problems and randomized MAC address challenges — to ensure reliable authentication and uninterrupted connectivity.

PROJECTS

Enterprise Network Design & Security

Three-tier enterprise network for 300+ users with VLANs, OSPF, DHCP, NAT, ACLs, and redundancy.

Network Automation & Monitoring

Cisco device configuration automated with Python and Netmiko in an EVE-NG lab, monitored with Zabbix.

Multi-Branch Routing & VPN Lab

Multi-site OSPF network with GRE over IPsec VPN for secure branch-to-branch connectivity.

EDUCATION

Bachelor of Technology – CSE (Data Science)

ABR College of Engineering and Technology, India · Aug 2024 – Ongoing

Intermediate (MPC)

Sri Chakra Junior College, India · Jul 2023 – Mar 2024

CERTIFICATIONS

Cisco Certified Network Associate (CCNA 200-301)

Cisco · Completed February 2026 · Cisco ID: CSCO15089149 · Verification ID: 2575a52dabe947c89c4f811f81d85773

Fortinet Threat Landscape 3.0

Fortinet · Completed September 2025
